Code	Description	Height
HRC/IPB	Intermediate Throughpost	1020mm
HRC/EPB	End Post	1020mm
HRC/JPB	Intermediate Joiner Post	1020mm
HRC/JEB	Joiner Post with return	1020mm
HRC/CPB	Corner Post	1020mm
HRC/GPB	Standard Gate	1020mm
HRC/RAILPC	Powdercoated rail to suit, cut to size	

The quickclamp system is suitable for 40mm steel pipe (32mm nominal bore). We recommend a minimum top rail height of 1020mm and maximum post spacing of 2 metres, as per Australian Standards. N.B. Horizontal pipe supplied separately.

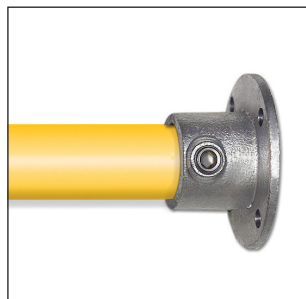

Standard Gate
